Step 6

You will see the icon next to “**Container #**” for a trucking order, you can hover cursor over the icon to see trucking information.

The screenshot displays the OOCL FreightSmart interface for a trucking order. At the top, there is a header with "Asia" and a double-headed arrow, and a dropdown menu showing "All (6 containers)". Below this, there is a "Cargo Status" dropdown set to "Select" and a search filter "Filter by Order/Booking/Container Number.". The main content area shows a "Container Delivered -- Export" section with a count of 3. A specific container entry is highlighted with a blue box around the container number "CSNU6642796" and an information icon . A callout box points to this icon with the text: "For trucking orders, trucking information is available when you hover cursor over the icon." Below the container entry, there is a "Trucking Order Summary Info" section with a status of "In Progress" and a "View Details" link. A callout box points to this link with the text: "Click to view more details". The "View Details" section is expanded, showing "Export" and "Trucking Order Summary Info" with the following details:

- Trucking Order Number: 42310000068
