Remark

For bookings involving trucking legs

If customers already have the preferred outbound trucking pickup appointment details during booking stage (loading address, loading date & hour), you are suggested to input these details in "Remarks" for pre-checking by our FS Team when submitting booking.

Subject to regional practice, customers should continue to contact our dedicated sales contacts / trucking vendors for trucking pickup arrangements.

For details of our trucking services, please refer [Help Centre > Trucking Services](#). If any enquiries, please feel free to contact us.

If you want the origin booking agent/vendor to get the BA and keep an extra copy for yourself, you may: input the origin booking agent/vendor in "E-mail" field and also drop your down your E-mail address in the "Remark" field, vice versa
