

Control Tower – One Page Summary

Step 1

"One Page Summary" is available at the top right-hand corner.

The screenshot shows the top navigation bar of the OOCL FreightSmart portal. On the left, there are logos for OOCL (with the tagline "We take it personally") and FREIGHTSMART. On the right, there are links for "Help Center", "Contact Us", a language dropdown menu labeled "语言", and a user profile icon labeled "chanma10...". Below the navigation bar is a secondary menu with links for "Place Order", "Reefer Channel", "Extra D&D", and "My OOCL Center". The main content area features a "Control Tower" section with a navigation bar containing five buttons: "Order", "Booking", "Cargo Tracking +", "Document", and "Extra D&D Record". In the top right corner of this section, there is a search box containing the text "One Page Summary", which is highlighted with a blue border. A small icon resembling a hand with a lightbulb is located in the bottom right corner of the screenshot.

Step 2

Input either Order Number/Booking Number/BL Number and click “Search” icon.

The screenshot shows a search bar with a dropdown menu. The search bar contains the text "Order No." followed by a caret symbol (^) and a placeholder text "Please enter Order No./BK NO./BL NO.". To the right of the search bar is a search icon (magnifying glass) enclosed in a blue rectangular box. Below the search bar, a dropdown menu is open, listing three options: "Order No.", "Booking No.", and "BL No.". The "BL No." option is highlighted with a light blue background. A small mouse cursor icon is visible near the search icon.

Step 3

View the Order Detail, Booking Detail and Cargo Tracking in one page.
